LinkedIn Profile: [www.linkedin.com/in/stanley-chidimma/](http://www.linkedin.com/in/stanley-chidimma/)

## SUMMARY

---

Innovative Front-End Developer with experience designing and building responsive web applications across various industries. Proficient in HTML, CSS, JavaScript, ReactJS, and modern libraries and frameworks, with a strong passion for creating seamless user interactions and intuitive user experiences. Skilled in optimizing performance, ensuring accessibility, and implementing best practices in front-end development.

## WORK EXPERIENCES

---

- **FRONT END DEVELOPER (Senior)** **2022 – 2025**  
**APTECH Education**
  - Spearhead the development of high-performance, scalable web applications.
  - Collaborate closely with designers and backend teams to create seamless, user-friendly experiences.
  - Optimize web applications for speed, accessibility, and responsiveness.
  - Lead code reviews, enforce best practices, and mentor junior developers.
  - Stay ahead of industry trends and implement cutting-edge frontend technologies.
- **FRONT END DEVELOPER (Junior)** **2020 – 2022**  
**BinvaBian Technology**
  - Build and maintain interactive, responsive web applications using modern frontend frameworks.
  - Translate design mockups into pixel-perfect, user-friendly interfaces.
  - Collaborate with senior developers to troubleshoot issues and enhance performance.
  - Write clean, maintainable code while following best development practices.
  - Continuously learn and adapt to new frontend technologies and tools.
- **FRONTEND DEVELOPER (Junior)** **2018 – 2020**  
**AcruTech**
  - Develop and refine dynamic UI components for an engaging user experience.
  - Work closely with designers and backend teams to ensure seamless functionality.
  - Optimize website performance, ensuring fast load times and smooth interactions.
  - Debug and resolve frontend issues to improve stability and usability.
  - Utilize React.js, Tailwind CSS, and API integrations to enhance application features.

- **FRONTEND DEVELOPER (Intern)**

**2016 – 2018**

**Hopekell Technologies**

- Gain real-world experience in frontend development by working on live projects.
- Assist in coding, testing, and optimizing user interfaces under the guidance of senior developers.
- Learn and apply industry best practices, including responsive design and performance optimization.
- Contribute fresh ideas and innovative solutions to improve web applications.
- Build a strong foundation in React.js, JavaScript, and modern frontend development tools.

**TECH STACK:**

---

- **HyperText Markup Language (HTML)**
- **Cascading Styles Sheets (CSS)**
- **Senior Citizens Savings Scheme (SCSS)**
- **Bootstrap (Framework)**
- **JavaScript (JS)**
- **MYSQL**
- **PostgreSQL**
- **Responsive Design & Mobile Friendly Website**
- **ReactJs**
- **NextJs**
- **Tailwind CSS**
